The above "<210> 171" is the first sequence listed in the submitted file: per 1.825 of the Sequence Rules, please included all previously submitted sequences, when filing an amended sequence listing. The first sequence must be <210> 1.

The above <223> explanation for "<213> Artificial Sequence" is insufficient: please give the source (derivation) of the genetic material. This error also appears in Sequences 172-182.
